CAS RN	Substance Name	Reasons for Changes in Quantities Disposed from Previous Year	Comments (Disposals)
NA - 22	Phosphorus (total)	No significant change (i.e. < 10%) or no change	There was no release of the substance. There is no option here to say NOT APPLICABLE (since it is not the first year of reporting this substance). This option pops up and must be answered even though the previous entry on Facility Releases was checked as NO - there are no on-site releases. This needs to be fixed in the programming - it has been this illogical for many years.

CAS RN	Substance Name	Reasons Why Substance Was Recycled	Changes in Quantities Recycled from Previous Year	Comments
NA - 22	Phosphorus (total)		No significant change (i.e. < 10%) or no change	Again, the Heading here is Recycling and one has to pick a reason for changes in the quantity recycled. There was no recycling of the substance. There is no option here to say NOT APPLICABLE (since it is not the first year of reporting this substance). This option pops up and must be answered even though the previous entry on Facility Recycling was checked as NO - there is no recycling of this substance. This needs to be fixed in the programming - it has been this illogical for many years.
